

GENERAL SERVICES ADMINISTRATION PUBLIC BUILDINGS SERVICE LEASE AMENDMENT	LEASE AMENDMENT No. 80
	TO LEASE NO. GS-11B-LDC51018
ADDRESS OF PREMISES 1800 G Street, NW Washington, DC 20006	PDN Number:

THIS AMENDMENT is made and entered into between **NORTHWESTERN DEVELOPMENT COMPANY**

whose address is: 1150 Connecticut Avenue, NW
Suite 900
Washington, DC 20036

hereinafter called the Lessor, and the **UNITED STATES OF AMERICA**, hereinafter called the Government:

WHEREAS, the parties hereto desire to amend the above Lease.

NOW THEREFORE, these parties for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, covenant and agree that the said Lease is amended, effective upon execution by the Government as follows:

- 1. Premises.** The parties hereby stipulate and agree that the leased premises consists of 95,444 Rentable Square Feet (RSF), comprising 82,909 BOMA Office Area square feet (ABOASF) of office and related space on the entire 4th floor and a portion of the 5th floor in the building located at 1800 G Street, NW, Washington D.C. 20006.
- 2. Extension Term.** The terms of the Lease is hereby extended for a period of five (5) years (the "Extension Term"), commencing as of May 1, 2019 (the "Extension Term Commencement Date") and ending on April 30, 2024 (the "Expiration Date").
- 3. Termination Option.** The Government may terminate this lease, in whole but not in part, effective October 31, 2022, by providing written notice to the Lessor of its exercise of this termination option not less than one year prior to the proposed effective date of such termination, time being of the essence.
- 4. Rent.** The annual rent to be paid by the Government during the Extension Term effective May 1, 2019 shall be **\$4,929,682.60.00** (\$51.65/RSF), payable at the rate of **\$410,806.88** per month in arrears. The annual rent for the Extension Term includes all rights, services, repairs, alterations, improvements, and utilities currently provided under the Lease.
- 5. Operating Expenses and Real Estate Taxes.** Effective May 1, 2019, the base year for operating expenses and real estate taxes shall be adjusted to reflect a new base year. The real estate tax base year shall be the Washington DC Fiscal Year 2020 Real Estate Taxes. A new base for operating expenses shall be (b) (4) pursuant to the GSA Form 1217, attached as "Exhibit A". These are the actual expenses from May 1, 2018 through April 31, 2019. The annual rent for the Extension Term shall be subject to escalation of base operating expense and tax adjustments after the first lease year, in accordance with paragraph 3.6 and 3.4 of the Lease, respectively.
- 6. Condition of Premises.** The annual rent set forth on paragraph 4 above does not include a Tenant Improvement Allowance (TIA). The Government agrees to accept the Leased Premises and the Building Shell Requirements as "existing", and Lessor represents that such items are in good repair and provide a tenantable condition. The intent of this qualification is to recognize that the Government finds such items or conditions to be at least minimally acceptable with regard to the Government's occupancy of the space. Nonetheless, such items or conditions are to be "in good repair and tenantable condition" at the time of the Lease Commencement Date or any other specified dates(s). The acceptance of the Leased Premises "as existing" does not relieve the Lessor from the obligation in the Lease to maintain and repair the building shell and life safety in compliance with the standards set forth in the lease. Further, Lessor is under no obligation to provide the Government any Tenant Improvement Allowance in connection with the Extension Term.
- 7. Commission and Commission Credit.** CBRE, INC. (Broker) is the authorized real estate Broker representing GSA in connection with this Lease transaction. The total amount of the Commission is (b) (4) and is earned and payable upon Lease execution. Only (b) (4) of the Commission, will be payable to CBRE, INC. with the remaining (b) (6)

INITIALS: (b) (6) & (b) (6)
LESSOR GOVT

(b) (4) (the "Commission Credit") to be credited to the shell rental portion of the annual rental payments due and owing to fully recapture the Commission Credit.

The Commission Credit shall be converted into rental abatement, therefore the rental payment due and owing under the Lease for the first month of the Extension Term shall be reduced by (b) (4) so that the total rent due for the office portion of the Lease for the first full month of the Extension Term shall be (b) (4) Monthly base rent for June 1, 2019 through April 30, 2024 is (b) (4)

This Lease Amendment contains 2 pages.

All other terms and conditions of the lease shall remain in force and effect.

IN WITNESS WHEREOF, the parties subscribed their names as of the below date.

52.204-25 Prohibition on Contracting for Certain Telecommunications and Video Surveillance Services or Equipment (Aug 2020)

(a) *Definitions.* As used in this clause—

Backhaul means intermediate links between the core network, or backbone network, and the small subnetworks at the edge of the network (e.g., connecting cell phones/towers to the core telephone network). Backhaul can be wireless (e.g., microwave) or wired (e.g., fiber optic, coaxial cable, Ethernet).

Covered foreign country means The People's Republic of China.

Covered telecommunications equipment or services means—

(1) Telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities);

(2) For the purpose of public safety, security of Government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities);

(3) Telecommunications or video surveillance services provided by such entities or using such equipment; or

(4) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

Critical technology means—

(1) Defense articles or defense services included on the United States Munitions List set forth in the International Traffic in Arms Regulations under subchapter M of chapter I of title 22, Code of Federal Regulations;

(2) Items included on the Commerce Control List set forth in Supplement No. 1 to part 774 of the Export Administration Regulations under subchapter C of chapter VII of title 15, Code of Federal Regulations, and controlled—

(i) Pursuant to multilateral regimes, including for reasons relating to national security, chemical and biological weapons proliferation, nuclear nonproliferation, or missile technology; or

(ii) For reasons relating to regional stability or surreptitious listening;

(3) Specially designed and prepared nuclear equipment, parts and components, materials, software, and technology covered by part 810 of title 10, Code of Federal Regulations (relating to assistance to foreign atomic energy activities);

GOVERNMENT

(4) Nuclear facilities, equipment, and material covered by part 110 of title 10, Code of Federal Regulations (relating to export and import of nuclear equipment and material);

(5) Select agents and toxins covered by part 331 of title 7, Code of Federal Regulations, part 121 of title 9 of such Code, or part 73 of title 42 of such Code; or

(6) Emerging and foundational technologies controlled pursuant to section 1758 of the Export Control Reform Act of 2018 (50 U.S.C. 4817).

Interconnection arrangements means arrangements governing the physical connection of two or more networks to allow the use of another's network to hand off traffic where it is ultimately delivered (e.g., connection of a customer of telephone provider A to a customer of telephone company B) or sharing data and other information resources.

Reasonable inquiry means an inquiry designed to uncover any information in the entity's possession about the identity of the producer or provider of covered telecommunications equipment or services used by the entity that excludes the need to include an internal or third-party audit.

Roaming means cellular communications services (e.g., voice, video, data) received from a visited network when unable to connect to the facilities of the home network either because signal coverage is too weak or because traffic is too high.

Substantial or essential component means any component necessary for the proper function or performance of a piece of equipment, system, or service.

(b) *Prohibition.*

(1) Section 889(a)(1)(A) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2019, from procuring or obtaining, or extending or renewing a contract to procure or obtain, any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. The Contractor is prohibited from providing to the Government any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR [4.2104](#).

(2) Section 889(a)(1)(B) of the John S. McCain National Defense Authorization Act for Fiscal Year 2019 (Pub. L. 115-232) prohibits the head of an executive agency on or after August 13, 2020, from entering into a contract, or extending or renewing a contract, with an entity that uses any equipment, system, or service that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, unless an exception at paragraph (c) of this clause applies or the covered telecommunication equipment or services are covered by a waiver described in FAR 4.2104. This prohibition applies to the use of covered telecommunications equipment or services, regardless of whether that use is in performance of work under a Federal contract.

(c) *Exceptions.* This clause does not prohibit contractors from providing—

LESSON PLAN GOVERNMENT

(1) A service that connects to the facilities of a third-party, such as backhaul, roaming, or interconnection arrangements; or

(2) Telecommunications equipment that cannot route or redirect user data traffic or permit visibility into any user data or packets that such equipment transmits or otherwise handles.

(d) Reporting requirement.

(1) In the event the Contractor identifies covered telecommunications equipment or services used as a substantial or essential component of any system, or as critical technology as part of any system, during contract performance, or the Contractor is notified of such by a subcontractor at any tier or by any other source, the Contractor shall report the information in paragraph (d)(2) of this clause to the Contracting Officer, unless elsewhere in this contract are established procedures for reporting the information; in the case of the Department of Defense, the Contractor shall report to the website at <https://dibnet.dod.mil>. For indefinite delivery contracts, the Contractor shall report to the Contracting Officer for the indefinite delivery contract and the Contracting Officer(s) for any affected order or, in the case of the Department of Defense, identify both the indefinite delivery contract and any affected orders in the report provided at <https://dibnet.dod.mil>.

(2) The Contractor shall report the following information pursuant to paragraph (d)(1) of this clause

(i) Within one business day from the date of such identification or notification: the contract number; the order number(s), if applicable; supplier name; supplier unique entity identifier (if known); supplier Commercial and Government Entity (CAGE) code (if known); brand; model number (original equipment manufacturer number, manufacturer part number, or wholesaler number); item description; and any readily available information about mitigation actions undertaken or recommended.

(ii) Within 10 business days of submitting the information in paragraph (d)(2)(i) of this clause: any further available information about mitigation actions undertaken or recommended. In addition, the Contractor shall describe the efforts it undertook to prevent use or submission of covered telecommunications equipment or services, and any additional efforts that will be incorporated to prevent future use or submission of covered telecommunications equipment or services.

(e) *Subcontracts*. The Contractor shall insert the substance of this clause, including this paragraph (e) and excluding paragraph (b)(2), in all subcontracts and other contractual instruments, including subcontracts for the acquisition of commercial items.

(End of clause)
